

4-H Decorative Painting Proficiency Program A Member's Guide

OVERVIEW

The 4-H Decorative Painting Proficiency program helps you learn what you need to know about your 4-H project. Your project leader will assist you in setting and achieving your goals. Through your project, you will acquire an understanding of the principles of artistic design: color, space, line, design, texture, and space. You will also learn how to make good use of your leisure time in constructive activities as well as learning to make useful, artistic items.

There are many resources to help you learn more about your project:

- The University of California Davis has free resources available online by visiting: <http://anrcatalog.ucdavis.edu/4HYouthDevelopment/>. This site lists a variety of project materials and resources recommended for use in your project.
- The Lassen County 4-H Resources and Lending Library at our county 4-H Office includes other books, videos, and reference materials that can be checked out by members and leaders.
- Check to see if there are organizations in your community that conduct educational activities and shows. Local artists can be an excellent source of help and information.

There are five levels in the Project Proficiency Program. You may choose how many levels you wish to complete:

- ◆ Level I – “Explorer”, you begin to learn about many different aspects of decorative painting.
- ◆ Level II – “Producer”, you practice and refine the many skills involved in your painting.
- ◆ Level III – “Consumer”, you become an experienced producer of decoratively painted crafts.
- ◆ Level IV – “Leader”, allows you to show your own leadership potential.
- ◆ Level V – “Researcher”, you carry out a demonstration or experiment on some aspect of decorative painting, and prepare a paper or portfolio.

As you work through the proficiency program, your leader will date each skill item as you complete it. When all items in a proficiency level are completed, your leader will sign the Certificate of Achievement.

DECORATIVE PAINTING

Level I - Explorer

Date
Completed

- _____ 1. How would you sand your wood properly?
